

Sheboygan County

Prior to the implementation of the new maintenance program, we had approx. 3,520 systems which were installed after 1984 which were incorporated in the Three Year Maintenance Program pursuant to the requirements of the Wisconsin Fund Program. We had approx. 2,119 sanitary systems which were installed prior to 1984 which were issued by the Department, however were not part of the original maintenance program.

Septic Systems which were installed prior to the creation of the Department in the 70's were located using the GIS, and totaled 2,464, all of which are now incorporated into the 3yr program except 7-privies and 1-NDWW (Non-Domestic Waste Water) The existing
